

## Proceedings

**[A]** Proceedings corresponding to already published results shall be posted on the SB confluence page and circulated within the corresponding AWG at least 2 weeks prior to the deadline (for published results).

**[B1]** Unpublished results that are only published in form of conference proceedings shall be subjected to the procedures of collaboration publications prior to submission.

**[B2]** Results that are subject of a journal publication may cite in the proceedings contribution any part of the journal publication that has completed the internal review and circulation to the collaboration. No other information on unpublished H.E.S.S. results shall be included in conference proceedings.

Approval of publication will be given by the speakers bureau.
